## OBJECTIVES

- To design and implement a systematic framework that ensures thoughtful, sustained, and impactful actions for the continuous improvement of institutional performance.
- To promote quality-driven institutional processes through the internalisation of a quality culture and the formal adoption of best practices.

## FUNCTIONS

1. Development and application of quality benchmarks/parameters for various academic and administrative activities of the institution.
2. Facilitating the creation of a learner-centric environment conducive to quality education and faculty maturation to adopt the required knowledge and technology for participatory teaching and learning process.
3. Arrangement for feedback response from students, parents and other stakeholders on quality-related institutional processes.
4. Dissemination of information on various quality parameters of higher education
5. Organization of inter and intra institutional orientations, seminars on quality related themes and promotion of quality circles.
6. Acting as a nodal agency of the institution for coordinating quality-related activities, including adoption and dissemination of best practices.
